

League of Arizona Cities AND Towns

The League will honor the following legislators at our annual conference for their outstanding public service and dedication to local governance. The following legislators are in touch with local leaders, understand the issues, and willingly participate in each community within their legislative district. They are thoughtful advocates for local decision making, consistent mediators between other stakeholders, and are respected for their contributions statewide. We thank the following legislators for working on behalf of cities and towns during the 2011 legislative session.
