

## The Kyl Center for Water Policy will host Senator Jeff Flake in a Community Water Forum on Forest Health, Storage Reservoirs, and Arizona's Future Water Demands.

Hear from Senator Flake and a panel of experts how Arizona's future water supplies depend on sound management of our forests and reservoirs and what we can do to ensure long term water supply sustainability.

**April 7th, 9:30 – 10:30 am**

**Mercado, Room C145, ASU Downtown Campus  
502 East Monroe St, Phoenix 85004**

Senator Jeff Flake

*The forum will cover topics including:*

- The importance of the Salt/Verde water storage reservoirs.
- The impacts of wildfires on water supply.
- Arizona projects to improve forest and watershed health.
- Strategies to ensure maximum reservoir longevity.

*Panelists include:*

- Tom Buschatzke, *Arizona Department of Water Resources Director*
- Dave Roberts, *Senior Director of Water Resources, SRP*
- Bruce Hallin, *Director of Water Rights and Contracts, SRP*
- Rob Marshall, *Director of the Arizona Nature Conservancy's Center for Science and Public Policy*

RSVP: *email:* [morrison.institute@asu.edu](mailto:morrison.institute@asu.edu) *subject:* April 7 Water Forum

---

*Additionally, on April 10th, Senator Flake will convene a forum at the University of Arizona, hosted by the Water Resources Research Center, about current Colorado River supply challenges and future strategies.*
